

Office of the Principal  
Govt. Engineering College  
Sreekrishnapuram  
15-7-2022

### URGENT NOTICE

It has been reported that a few students have entered into the Rain Water Harvesting pond being built in the campus yeasterday (14-7-2022) evening. All students are hereby warned that this kind of activity is very dangerous since the bottom of the pond is laid with HDPE sheet and is highly slippery. There are no steps provided for the pond, since it is not meant for bathing. Anyone found to be entering into it will be summarily suspended from the college without further notice.
